## **Fernandes Appointed LBX Managing Director Latin America & Brazil**

São Paulo, Brazil - Mr. Matheus Fernandes has been promoted to LBX Managing Director of Latin America and Brazil.

He has demonstrated his talent and capabilities as a contributor and as a leader, for over a decade, through various roles of increasing responsibility, including his most recent role as Business Manager LAR (Latin American Region) & Brazil.

In a statement released by Eric Sauvage, President & CEO, he states, “Matheus represents our next generation of leaders and has demonstrated his talent, his resilience, and capabilities as a contributor and as a leader, over the last 10 years he has spent with LBX do Brasil. I am very excited to witness Matheus expanding his leadership skillset as we continue to grow our business in Latin America.”

In his new role, Matheus will continue to be a participating member of the Company’s Senior Leadership Team (SLT) and oversee Sales, Marketing, and Customer Support.

Fernandes states, “This is a great company to work for. Great people, talents, environment, and values. LBX’s strategic anchors are much aligned with my personal anchors.

He continues, “My personal goal is to contribute to my colleagues, create opportunities for my team and share the knowledge I’ve obtained from my 28 years of experience in the industry.”

Fernandes’s appointment gives evidence of LBX Company's enduring commitment to strengthening communities and problem-solving through hard work, creativity, and innovation.

**About LBX Company**

LBX Company LLC offers a full line of Link-Belt hydraulic excavators—including standard, long front & minimum swing configurations—from 8 to 80 metric tons, along with scrap and material handlers and forestry machines. Link-Belt machines are available through an extensive network of North and Latin America dealers.

LBX's subsidiary company, LBX do Brasil, distributes these products in Latin America. LBX Company is a wholly-owned subsidiary of Sumitomo Construction Machinery, a worldwide leader in construction equipment innovation and quality manufacturing based in Chiba, Japan.
